COMMERCIAL.

Alexandria Market, August 31. The market is quiet, with light offerings .-No sales of Flour reported, and prices unchanged. Sales of white and red Wheat of inferior quality at 130c. for the former, and 125c. for the latter. Sales of white and mixed Corn at 50/281c. No change to note in Rye or Oats.

The Markets. BALTINORE, August 30 - Flour is steady; Ohio, \$5.50 City Mills \$5.624@5.75. Wheat is firm; red, 125@132c., white 13:@150e. Corn is quiet; white 78@80c.; yellow 88@89c. Whiskey is dull. 25@254c. Pork is quiet; mess \$17.50.

New York, August 31.—Flour is lower; sales of 9,000 barrels; State \$4.90@\$5.10; Ohio \$5.70 @\$5.90; Southern \$5.00@\$5,70. Wheat is still higher, sales of 30,000 bushels; Southern red 1224@125c.; white 130@145c. Corn declined; sales of 30,000 bush.; mixed at 69@70c. Pork is firm. mess \$17.50; prime at \$15.20@\$15.25. Larddull. Whiskey is dull at 24@241c Stocks are firm, but dull. Va. 6's 92; Mo. 6's 841.

RICHMOND, Aug. 31 .- WHEAT.-Prime Wheat still continues to command \$1 40 for red, and \$1 50 for white; but the latter is more readily paid than the former, as the quantity of white off-ring is largely out of proportion to the red, which constitute the bulk of the offerings, the inferior grades of which have declined, and for this description of red there is no demand The heavy receipts during the past fortnight have enabled the millers to accumulate large stocks, and, consequently, they exhibit much less eagerness to buy, unless a sample of clean, plump white is presented. The arrivals were compa ratively light to day, and, in connection with the fact above stated, imparted rather a dull aspect to the market

Cons - We continue to quote Corn at 78@ 80c. The receipts during the past month were quite heavy, and nearly all were taken by dis-tillers, who have regulated the prices.

Over 15,000 bushels of wheat were shipped from Bristol, Tennessee, to eastern markets, over the Virginia and Tennessee Railroad last week, of which 3,000 bushels arrived in Bristol in wagons. About 1.000 bushels of corn were received in Norfolk, Virginia, on Friday, over the Norfolk and Petersburg Railroad.

THE BLACK TONGUE is prevailing to an the disease, that he had forbidden the use of milk in his family. From all we have heard of this disease, we have very little doubt that it is contagious, not only among cattle but that human beings may readily take it. The following remedy is said to be a good one, when taken in time: As soon as a cow gives indication of sickness, examine her mouth closely, and if small blisters or tumors have formed under the tongue, open them. If her gums are swollen, lance them. Use as a wash, a strong solution of chloride of lime, keep the animal stabled, give her a pound of salts, and feed her on gruel for three or four days. This remedy, an intelligent far mer informs us has been used with great success in Europe, and is worth trying .-

ROBBED .- We learn that while the train from the South was stopped at Weldon yesterday for dinner, a Cuban, who was among the passengers, had his valies broken open and robbed of seven hundred dollars in gold. and Northern bills of credit amounting to fifteen bundred dollars. An inquest was held on Monday on the enquiry. As there were no marks of violence upon his person, the conclusion is, that he lay down in the bushes to sleep off the tumes of liquor, and while there was taken with a fit and died. The jury returned a verdict that he died from intemperance.

Why is it that almost all of the said African for loading up in the cars. The Poles to be dei dividuals are found at the North? Barnum, we believe, started the idea of manufacturing the article. Joice Heth was the original bogus edition, which has so often been repeated of late years. The other day, some paper reported Billy, who really was the body servant of Gen. Washington, alive and well, after a tramp through Mexico, during the late war. Many years ago, during the life-time of Gen. Washington, some papers, relating to the United States, were published in England-the author, or publisher of which, said they were found on Billy when he was taken by the British; -whereupon the General bimself contradicted the story, saying Billy never was captured by the enemy. We hope Barnum will not find out where Billy is, or he will be captured this time, inevitably. A few years since, there were hereaboute, many, white and black, who remembered seeing Gen. Washington. Some few. very few, are left. The last will soon disappear. But some enterprising showman may be expected to furnish them, perhaps, to the end of the century!

FINE PEACHES .- Our neighbor and friend, Dr. Bayne of Prince George's County, Md., sent us yesterday a hamper of the different varieties of Peaches from his orchard. We never saw larger ones, and their flavor was delicious. We do not know the names of the various kinds-but we know they were all excellent-and we question whether better fruit can be produced in the United States.
